PROFESSIONAL SUMMARY

Finacle developer with 4+ years of experience customizing Finacle 10.x and 11.x for banks in India and Europe. Strong in PL/SQL, Finacle Integrator APIs, scripting and Jasper reporting across CASA, Loans, Term Deposits, Overdraft and Trade Finance. Acknowledged by management for high-volume ticket delivery and for owning work from requirement through UAT, deployment and post-go-live support.

KEY ACHIEVEMENTS

- Consistently achieved a higher ticket closure volume than team peers, earning commendation from the reporting manager in team meetings for quality and timely delivery.
- Delivered end-to-end customizations for five banks (Federal, IndusInd, Union Bank, DCB, ING) across Finacle 10.x and 11.x.
- Ported legacy Finacle scripts to FUME JS 11.x at ING Netherlands.
- Reduced manual intervention through straight-through processing via FI Inbound/Outbound enhancements.
- Supported smooth production deployments and post-go-live issue resolution for banking clients.
